

# Newinn Dexter Stud

**Newinn Dexter Stud** breeds for Quality, Temperament, True Small Dexter Type and health and freedom from Genetic Faults. **GUARANTEED** free of Chondrodysplasia dwarfism.

**BRAYER PARK CELTIC-SHANAHAN** is an outstanding bull. He is black, stocky, small and DNA tested non-carrier of Chondrodysplasia dwarfism. His other characteristics which are most important in a Dexter herd are - quality dual purpose conformation and a wonderful temperament. He has displayed this temperament throughout - as a calf and now as a mature bull. As temperament is highly heritable we are delighted to have him as our senior stud bull. His calves, with quality conformation and the same exceptional temperament, have confirmed his value to our breeding program and we offer him for natural service to other Dexter breeders.

Rare for non-carrier bulls - Shanahan is within the ideal Dexter Height Standard, having measured 112cm at 3 years of age. Newinn Stud breeds Dexters as close as possible to the ideal height while not compromising other important qualities.

When considering a bull, it's wise to check the family characteristics to help anticipate the type of progeny he will produce. So, meet Shannahan's family. Little Champion, Brayer Park Chantel, is Shanahan's dam. She won ribbons at all the shows she attended, including Champion and Reserve Champion ribbons. And intriguingly, wherever she went, at shows and displays, she had an ability to draw people to her, ensuring that she received more pats than any other Dexter nearby. This extreme friendliness is a consistent characteristic of all Dexters in this line. When you visit Newinn Dexter Stud, if Shanahan's daughter...Charm is anywhere nearby she'll make sure she gets a pat from you before you pass.

Newinn Minty - Shannahan's daughter.

Newinn Bentley - Shannahan's son.

Small of stature, Shanahan's Dam, Chantel, measured 105cm at 5.5yrs and has been tested free of Chondrodysplasia dwarfism. His half-sister Tani, also noted for that same sweet nature measured 104cm at 3.5yrs.

**More About Shanahan's family... 'cos they're so alike...**

**CONSIDERING NATURAL SERVICE?** Talk to Hazel about Shanahan. Visitors always welcome at Newinn Dexter Stud. Please phone and arrange a time to suit. We usually also have COWS, CALVES and BULLS available for purchase.
